I can't believe the EPA is going to push for a river cleanup that's bad for business.

I agree that cleaning up the Willamette is important but it can't be one that is so expensive and inflexible that it threatens small businesses in the Portland Harbor. The companies that work in the harbor are so, so important to our economy.

I would guess that you'll get a ton of comments. I just hope that you remember that the river here is important for our recreation but that it also supports our jobs and helps put food on our tables.

Sincerely,
